RCMP Statistical Reporting Formats

Sgt. McGee reviewed the old report format and the new report format. The old report categorized activities such as assaults, property, bylaws, drugs, impaired driving, animal calls, traffic & collisions, false alarms, assistance to the general public & other agencies, liquor act offences, and other offenses. The new report format would sort these categories of activities into main captions such as: crimes against persons, crimes against property, other offences, traffic offences, and other. Each activity would be shown on a comparative basis by quarter so Council would be able to see how issues are progressing in the community over a twelve month period.

There was a consensus of Council that the new reporting structure as proposed by Sgt McGee would be easier to understand and that Sgt McGee should start using the new format.
